OPERATION

DURABLE & RELIABLE

COST EFFECTIVE

PRODUCT CODE: MED-NC-BM-01WS

Indigo Care provides a Deluxe Wet Sensor Monitor that is designed to be used in conjunction with one of our Wet Sensor Mats or Pads. If the resident wets their bed or chair, the sensor strips in the mat will activate the monitor and immediately alert staff. We also supply a "Y" cable, as a separate item, for you to connect to your existing nurse call system. The monitor runs on 3 "AAA" batteries, and has a low battery indicator light. It houses an inbuilt speaker for standalone operation, if required. There are three volume settings (Low, Medium, High) and three different tones from which to choose. A Delay Switch Setting allows three different timing trigger options, from 0 – 2 seconds. If needed, you are able to switch the sound off completely, by selecting "Mute".

KEY SPECIFICATIONS:

- Part No. MED-NC-BM-01WS
- Dimensions: 100mm X 70mm
- Connection: Curly Cord on RJ12
- Low Battery Detector
- Battery Operated 3 x AAA
- Optional: 6V AC Adaptor
- Warranty: 12 months

PRODUCT ACCESSORIES:

- Wet Sensor Pad 
- Wet Sensor Mat 
- Y Cable
