**PRODUCT CODE: MED-NC-TS1011A  
(TGA Registration: 223902)**

Indigo Care provides the Anti-Tamper Care Alarm Monitor that is designed to be used in conjunction with our floor mats and bed mats/pads. This is a multi-function fall management alarm which can be used as a monitor with magnetic switch, floor sensor mat and bed/chair sensor mat. The alarm will sound when a resident leaves their bed/chair or steps on the floor mat or when the magnetic switch is detached (when magnetic switch is in use). This care alarm can only be reset either by a Reset Key or an Infrared (IR) Remote Control. This eliminates the risk of the alarm being turned off by the resident. It can connect and alarm through your current nurse call system. There are two alarm sounds & a Low or High Volume setting. Alternatively, this alarm sound can be put on silent mode and used with your nurse call system.

## **KEY SPECIFICATIONS:**

- Versatile mounting base & hanger included
- Tamper free reset & suspend by infrared remote control
- Suspend mode allows for patient repositioning with adjustable stand-by time
- Reset mode puts the alarm into stand-by until re-activated by next use
