

Over-Door Light

Indigo Care has designed a simple, effective, yet non-obstructive nurse call Over-Door light. The standard mounting plate provides three LED colours in one package-Red, Green and Yellow. Using current LED technology, the light is intensely bright but consume only low power. The output from the source (room controller) can be re-configured to drive a single LED or all of the LED's at one time. Trigger output to either low or high is by selectable jumper link. Wiring installation is either by RJ45 or 4-way terminal block. Product Specification Sheet is provided upon request.

Part Number:
MED-ODL-V(x)AH- for Active High
MED-ODL-V(x)AL- for Active Low

Key Specifications:

- Clean & Smart Looking ODL
- Non-Obtrusive Design
- Bright & Easy to See
- High Refractive Prism - Clear
- 3 LED colour: Red, Green, Yellow
- Extra Long Life LED
- Low Power Consumption-Robust LED
- Dimensions:
118 mm (L) x 76 mm (W) x 13 mm (D)
- Input Supply: +12-27VDC
- Dimension-equivalent top Clipsal 4000
- Prism Material: Acrylic
- Broad Viewing Angle: 120 degrees
- Operating temperature:
-40 to 100 deg Celsius
- Wiring : RJ45 & Terminal Block
- Trigger Output: Selectable Low or High
- Optional: Buzzer

Easy to Use

Cost Effective

*Integrates to most
