40mm)**

**PRODUCT CODE: MED-FM-04
(TGA Registration: 223902)**

Indigo Care provides a pressure sensitive Premium Floor Cushion Sensor Mat that is designed for residents who are at risk of falling out of their bed, or those who require assistance in arising from the bed or a chair. Unlike other floor mats, our Premium Mats is made of foldable firm foam, including a three piece sensor mat and a detachable “Y” cable to reduce trip hazard and damage to the electrical cord. The Y-Cable is 3 meter long with a spare socket for the pendant and enables you to connect to your existing nurse call system. Once the resident leaves the bed or chair and steps on the floor cushion, the sensor mat will activate the nurse call system and alert the staff. Our Floor Cushion Sensor Mats provide the ultimate in Fall Injury Protection as we have added an extra 40 mm of foam padding in case the resident falls while attempting to stand or walk.
