EXTREMELY SMALL PAD
(11cm X 6cm)

PRODUCT CODE: MED-NC-MS2-1

Indigo Care provides the Mini Sensor Pad that can be used with any of our hardwired monitors such as the Deluxe or Voice Alert Monitor as well as with our wireless range. The mini pad can be used as:

- A call pad for those with less dexterity
- An out of chair sensor
- An alarm for someone sitting on the toilet
- An alarm for someone getting up from the toilet

Small in size this mini pad is great for anyone with limited movement. The pad can be placed around the wrist and pressure can be made by the palm of the other hand or it can be placed within reach of any part of the body that can place enough pressure on the pad.

As a toilet sensor it can notify when a resident sits down or gets up from the toilet. It is also an economical out of chair pad which will notify when a resident gets up from their chair.
