PRODUCT CODE:

Cushion Floor Mat & Transmitter: MED-FM-04X-WT

FULL KIT: Receiver Box, Floor Mat & Transmitter: MED-FM-04K-WT
(TGA Registration: 223902)

Indigo Care provides a smart Australian designed Foldable Premium WIRELESS Cushion Floor Mat for residents who are at risk of falling out of their bed. The cordless floor mat purposely designed for easier storage and trip-hazard free. The transmitter is an exclusive ID encoded RF Transmitter which communicates with the Wireless Receiver Box (RRU) or the Universal Call Point (UCPV5.1). It allows the Floor mat to wirelessly transmit an alarm to the call point. Simply connect the Transmitter to the floor sensor mat. Then teach in the Transmitter to RRU or Dual Function Call Point by following the instructions printed. The sensor mat will now trigger the call point when activated within the transmitting area. (Note: Transmitter and Floor Mat can be ordered separately)
