

Wireless Transmitter (RTU)

TGA Registered ID 223902
RCM Approved
AS/NZS 61000.6.3.2012
Made in Australia

PRODUCT CODE: MED-RTU-FM - 6.3mm Jack - Floor Mat
MED-RTU-CM - RJ12 - Chair & Bed Mat

Indigo Care's Wireless Transmitter (RTU) is an exclusive ID encoded RF Transmitter. It communicates directly with the Wireless Receiver Box (RRU) or Dual Function Universal Call Point (UCPV5.1). This plug-and-play device converts a sensor mat with hardwired connection to a cordless mat.

The Wireless Transmitter is available in 6.3mm plug and RJ12 connector. It is designed to connect directly to floor mats, chair mats and bed mats.

Simply connect the Floor Mat Transmitter to the floor sensor mat. Then program the Transmitter to RRU or Dual Function Call Point by following the instructions printed on the RRU. The sensor mat will now trigger the call point when activated within the transmitting area and alert your staff via your nurse call system.
